Advanced Course - Wines and Spirits International

The **Advanced Course – Wines and Spirits International** is an internationally standardised qualification in the area of “global wines and spirits“. It covers the most important wine regions of the world as well as all wine styles including sparkling and fortified wines and also incorporates a section on spirits. Students are taught to critically understand and evaluate international wines and spirits. It has been designed as a residential course with late afternoons and evenings designated to workshops, educational tastings and visits to vineyards and wineries.

Successful graduates of this examination may then continue with the WSET Diploma in Wines and Spirits, which concludes with an international trade qualification known in Austria and associated centres as “Weinakademiker“. The Austrian Wine Academy has been a partner of the British Wine and Spirit Education Trust (WSET) for more than 20 years.

Austrian Wine Academy offers to students from around the world the opportunity to study and progress from a solid professional level of wine via the WSET Diploma all the way to the Master of Wine Programme in the unique setting of Rust, Austria.
